GRADUATE STUDIES IN COUNSELING

SCOPE AND PURPOSE

In keeping with the stated philosophy of Our Lady of Holy Cross College, the Graduate Programs seek to provide opportunities for intellectual, psychological, and spiritual growth to foster individual's contributions within a pluralistic society. The Catholic heritage of the college and the Christian understanding of service are integral to the philosophy of the Graduate Programs.

The Graduate Programs are specifically designed to enhance the student's knowledge, skills, and attitudes in their chosen academic arenas and to prepare them to accept professional responsibilities. Success in the Graduate Programs is based not only on completing the required course work but also on demonstrating competencies and attitudes appropriate to the profession. Whether they counsel, administer, or teach, graduates of the Graduate Programs of Our Lady of Holy Cross College promote holistic development of each individual and the spirit of justice that brings social equity and global harmony.

PHILOSOPHY OF THE GRADUATE PROGRAMS

The Graduate Programs in Counseling incorporate the Mission and Philosophy of the College into their own statement of Mission and Philosophy. The various specialties in counseling nurture students into self-developing, competent professionals who can contribute to their communities both personally and professionally. The programs emphasize the whole person's development of spiritual, intellectual, cultural, and material values necessary to live responsibly, respect individuality, seek truth and peace, and foster justice in society. The programs emphasize the delivery of services through a sociocultural, systemic, developmental, wellness perspective. The Graduate Programs implement their philosophy into their mission through measurable objectives for teaching, research, and public service.

PROGRAM OBJECTIVES

Teaching: The programs prepare students from diverse backgrounds to become responsible professionals capable of delivering effective services in educational and community settings. Objectives for achieving the teaching mission of the programs include:

1. To recruit, maintain, and matriculate culturally diverse students who have vocational goals that can be met in education and counseling occupations and who demonstrate the potential to contribute to their chosen profession;
2. To provide a curriculum that not only meets the requirements of national accreditation standards but also infuses a sociocultural, systemic, developmental, and wellness perspective;

3. To provide the students with opportunities to apply theories to practice and to develop professionally through supervised on-the-job-training experiences in a wide variety of educational and community settings;
4. To monitor students individually throughout their academic careers in order to promote both personal and professional development;
5. To foster students= identification as professionals through membership in professional associations and to encourage life-long learning in graduates by instilling awareness of continuing education needs and opportunities; and
6. To reflect input from all persons involved in the conduct of the program, including program faculty, current and former students, and personnel in cooperating agencies.

Research: The programs prepare students to become consumers of research and to apply appropriate methodology in the pursuit of graduate-level research. Objectives for achieving the research mission of the programs include:

1. To support students in their scholarly research through adequate resources and faculty mentoring;
2. To provide students with opportunities through action research to apply their knowledge and skills;
3. To monitor students throughout their programs of study in order to ensure quality performance; and
4. To encourage the presentation and publication of research findings.

Public Service: The programs prepare students from diverse backgrounds to become responsible professionals capable of contributing personally and professionally in local, state, and national settings. Objectives for achieving the public service mission of the programs are:

1. To meet local societal needs through the provision of a counseling clinic as a community resource;
2. To ensure that students have opportunities for on-the-job training in facilities that address the concerns of culturally diverse persons and persons who have limited economic resources; and
3. To sponsor seminars, workshops, and institutes conducted by nationally known professionals who have special expertise to promote the continuing education of professionals in metropolitan New Orleans.

STUDENT OUTCOMES OF THE GRADUATE PROGRAM IN COUNSELING

Upon successful completion of the Graduate Program in Counseling, graduates should be able to:

1. Practice professional counseling skills within the scope of a multicultural and changing society;

4. Conduct and evaluate research in counseling and its related disciplines for its applicability to counseling theory and counseling practice;
5. Practice leadership skills in collaboration with members of the counseling profession;
6. Evaluate the impact of counseling theory and practice as it relates to assisting the client in achieving the optimal level of wellness;
7. Demonstrate the advocacy role within the religious/spiritual perspective for the uniqueness, dignity, and worth of the client and others;
8. Accept individual responsibility and accountability for personal and professional growth;
9. Exemplify responsibility and accountability for personal and professional growth;

NATURE OF GRADUATE WORK

Course work at the graduate level serves mainly as a guide to independent study. Graduate students are expected to exceed minimum requirements and assume responsibility in pursuing life-long learning that will best meet their professional needs.

STAGES OF ADMISSION

STAGE ONE: PROVISIONAL ADMISSION TO THE COLLEGE

Beginning candidates possessing an undergraduate degree from an accredited college or university may take a maximum of six hours of graduate credit at Our Lady of Holy Cross College (OLHCC) on a provisional basis.

Provisional basis constitutes the following conditions:

- § A minimum 3.0 undergraduate grade-point average is recommended to take graduate course work.
- § Once the application is completed and the fee is paid, a candidate may take a maximum of six hours of graduate work.
- § The provisional basis does not guarantee admission into any of the graduate programs.
- § Beginning candidates must attend the graduate orientation (one is held in the fall and one is held in the spring).
- § No candidate can register for the next semester until his/her graduate admission criteria are completed.
- § Provisional admission is limited to one semester.

STAGE TWO: CONDITIONAL ADMISSION TO GRADUATE PROGRAMS

Candidates cannot take more than six hours until they have been conditionally accepted into one of the graduate programs. In order to be conditionally accepted, candidates must meet the following conditions:

- § The graduate admission criteria must be completed. Please refer to the criteria listed above. **Note:** All parts of the admissions criteria must be processed through the OLHCC Office of Enrollment Services.

Deadlines to complete the graduate application package are:

October 15	for Spring Registration
March 15	for Summer Registration
July 1	for Fall Registration

§ Once the admission criteria are completed, the candidate must be interviewed by the coordinator/director of the graduate program to which they are applying. A writing sample is part of the interview process. Graduate Counseling applicants should submit their goal statement prior to the interview. Applicants can receive information regarding the interview process and the written statement from the program director.

§ Graduate program faculty will determine conditional admission into the program.

The criteria for conditional admission will be made on the basis of the following indicators:

1. Completed admissions criteria;
 2. Undergraduate grade-point averages;
 3. Standardized test scores (a minimum score of 800 on the GRE);
 4. Three letters of recommendation;
 5. Results of writing sample, goal statement, and program interview;
and
 6. Recommendations from OLHCC instructors.
- Candidates will be notified in writing by the Chair of the Department of Counseling and Behavioral Sciences regarding the results of their admission status. Those who are accepted for conditional acceptance will be allowed to register for the next semester. Those who are not conditionally accepted will not be allowed to continue graduate studies at OLHCC.

STAGE THREE: UNCONDITIONAL ACCEPTANCE TO GRADUATE PROGRAMS

Candidates remain in a conditional status until they are accepted for Candidacy. Candidacy is primarily determined through academic achievement in graduate classes and demonstration of appropriate dispositions. See page 12 of this Handbook for Candidacy requirements.

POLICIES

LETTER OF GOOD STANDING

Students enrolled in graduate programs at other institutions who wish to register for transfer credit must submit a letter of good standing and will not be required to submit complete transcripts. The letter of good standing must come from the Dean of the student=s graduate school.

COURSE LOAD

To be classified as a full-time graduate student, one must register for at least nine (9) credit hours in a regular semester and at least six (6) credit hours in a summer term. An overload of three (3) semester hours may be approved by the Chair of the Department.

GRADE POINT REQUIREMENTS

An overall grade-point average of 3.0 or higher on a 4.0 scale is required for the maintenance of good standing in the graduate program. A passing grade for graduate students in counseling must be no lower than a B. A graduate student who obtains a C or lower in any course is automatically placed on **probationary status** and must repeat the course and earn a minimum grade of B in that course or be dropped from the graduate counseling program. Students will be allowed to repeat a course only once and the course must be repeated at OLVCC. A maximum of two grades of C may be earned during the student’s program of study. If a student receives more than two grades of C and has to repeat more than two courses in the program, the student will be dropped from the graduate program in counseling.

Graduate students whose semester average in course work is below 3.0 are placed on **probationary status** and are not allowed to register for more than six (6) semester hours during the following semester. To be removed from probationary status, the graduate student must complete six semester hours with an earned grade of not less than B and a cumulative grade-point average of 3.0 at the end of those six hours. If the graduate student is on probation for falling below a 3.0 overall GPA and is unable to remedy the deficient overall GPA at the end of six semester hours of the probationary period, the student will be dropped from the graduate program.

Subject to the review of the Graduate Council, students may be dropped from the programs for factors other than grade-point average without having a probationary period. Status is then determined by the Graduate Council. The student may appeal decisions of the Graduate Council by submitting a written appeal to the Associate Vice President and Dean for Academic Affairs.

PROCEDURES FOR DISMISSAL FOR OTHER THAN ACADEMIC REASONS

In addition to terminating students for academic failure, students may be dismissed for ethical violations and/or Apersonal unsuitability for the profession.@ The following protocol will be

followed as a part of ongoing student screening when faculty identify behaviors that indicate possible incompatibility with the counseling profession:

1. Faculty initiated private verbal discussions, including a collaborative dialogue between faculty member(s) and student identifying problematic behaviors and addressing specific suggestions for remediation;
2. If problematic behaviors continue, documentation of specific concerns by faculty, including documentation of any discussions with student. This documentation continues throughout the process;
3. Meeting of graduate faculty to discuss concerns regarding student. Meeting will include graduate faculty and Associate Vice President and Dean of Academic Affairs. Faculty collaboratively address alternatives and future course of action;
4. Meeting with student to discuss continued concerns and options. Specific goals for remediation are addressed, including time line and consequences of noncompliance. Student receives written feedback detailing problem areas, including clear guidelines for retention;
5. If retention goals are not met within specified time lines, and problematic behaviors inconsistent with the goals of the graduate counseling program persist, student is dismissed from the program for nonacademic reasons.

APPEAL

Subject to the review of the Graduate Council, students may be dismissed from the program for factors **other than grade-point average (GPA)**. Status is then determined by the Graduate Council. The student may appeal decisions of the Graduate Council by submitting a written appeal to the Associate Vice President and Dean of Academic Affairs. If the decision to dismiss remains firm, the student may then appeal to the Director of Student Life and follow the College Appeal Procedure.

TIME LIMIT

A maximum of five (5) years from the first semester attended is allowed in order to complete the requirements for the Graduate Programs.

If the time limit is exceeded, the graduate student must apply for readmission and document in writing the reason(s) for a need of extension. Readmission is an extension and does not qualify the applicant to begin anew the five-year requirement.

STUDENT RESPONSIBILITY

Each student is responsible for knowing all pertinent requirements and regulations for the successful completion of the Master=s Degree. Students should become familiar with this section

Graduate Studies in Counseling Handbook
of the Catalog, the *Graduate Information Guide*, and the offerings and requirements of their areas of specialization. Students should be aware of the fee payment required as they make progress through their academic program. Students should consult the current Bulletin for information regarding specific fees.

RESIDENCY REQUIREMENT

A student must enroll as a full-time student for at least one semester prior to graduation.

PERSONAL COUNSELING MANDATE

In order for graduate counseling students to increase self-awareness and to experience the process and benefits of counseling, students in the OLHCC graduate counseling program are mandated to engage in personal counseling at their expense for a minimum of six sessions. Students may seek personal counseling with any licensed professional they choose. Contract arrangements have been made with the Trinity Episcopal Counseling and Training Center (TCTC) for reduced rates. Students should consult the program director for further information.

Students should be aware that the process and content of their personal counseling sessions remain confidential. OLHCC counseling program faculty are in no way privy to any information regarding any student's personal counseling. Students are required to complete the verification form and return it to the program director.

Recommended Phases of Counseling Experience

Phase I Students in the first year of their counseling program should avail themselves of individual and/or a group counseling experience and are responsible for scheduling their sessions.

Phase II It is required throughout the practicum and internship experience that a student remains in personal counseling, or retains the availability of a counselor.

PROFESSIONAL ASSOCIATION AFFILIATION

Memberships in the Association for Graduate Students in Counseling (AGSC), the American Counseling Association (ACA), and the Louisiana Counseling Association (LCA) are required for graduate counseling students. Students should budget this along with their other fees. Also, for purposes of early socialization into the profession, grants are sometimes available through the college organization (AGSC) for attendance at state conventions/conferences. Students are expected to attend workshops and seminars whenever possible that will enhance and complement their graduate studies. Membership in other professional organizations is also strongly encouraged.

LIABILITY INSURANCE

Liability insurance is required before students can begin their practicum experience in counseling. This insurance can be purchased through the American Counseling Association (ACA) at a reduced rate. Documentation of proof of professional liability insurance will be requested for practicum applications and must remain active and on file throughout the student=s practicum and internship.

TRANSFER CREDITS

A maximum of twelve (12) semester hours may be transferred for the Master of Arts Program in Counseling. Approval of all transfer credits must be obtained from the Chair of the Department. These courses must be verified by an official transcript from the institution where the courses were taken. Graduate credit is not awarded for portfolio-based experiential learning. Only courses taken within the past five years may be transferred.

MAJOR ADVISOR

Each student is assigned a major advisor. The major advisor aids the student with their program of study and registration.

PROGRAM OF STUDY

The student works closely with the major advisor to develop a program of study that outlines the courses to be taken toward the Master=s degree. The program is designed to meet both the goals and objectives for graduate study of the student and of the institution. The planned program of study must be completed before the student has been admitted to candidacy, and it must be approved by the student=s major advisor, the Chair, and the Graduate Council. Changes in the program of study can be made with the approval of the major advisor and the Chair of the department.

PERSONAL COUNSELING VERIFICATION

In order for graduate counseling students to increase self-awareness and to experience the process and benefits of counseling, students in the OLHCC graduate counseling program are mandated to engage in personal counseling for a minimum of six counseling sessions. Students may seek personal counseling with any licensed mental health professional they select or they may choose to use the counseling services of providers who have entered into formal agreement to offer counseling at reduced rates. *It is strongly recommended that you be engaged in personal counseling by the start of your clinical training phase in practicum.*

When you have engaged in your personal counseling please complete this verification form, signed by your advisor, and turn it in to the Program Director to be placed in your graduate file.

This is to verify that I am in counseling and will complete a minimum of six counseling sessions.
